

BUILT TO BATTLE THE TOUGHEST OF BLIZZARDS

(Also available for membrane & slate)

✓ One-of-a-kind strong clamping claw!

✓ Ice Flaps snap into place for easy installation

✓ Our triangular rail handles extreme snow loads with confidence

✓ Our patented sliding-pin design helps protect the panel and warranty!

Why choose Snow Retention Systems?

FASTER INSTALLING SAVES UP TO 50% ON INSTALLATION*

AceClamp® snow retention products reduce labor costs in several ways, most prominently by eliminating wasted time assembling clamps. All of our clamps and brackets come pre-assembled and ready to install. Tests and installer feedback indicate that AceClamps install more than **two-times faster** than competitors.

OUR ENGINEERS ARE AVAILABLE TO HELP

**Based on typical contractor experiences.*
